PROGRAM INFORMATION

You may use individualized coursework toward your Psychology Degree with prior written approval from your Psychology faculty advisor and the Psychology department chair and may use only individualized coursework with a PSY prefix. You cannot take more than 6 units of PSY 485 or PSY 497. Individualized coursework includes the following: PSY 408 (Field Work 1-12 units maximum), PSY 485 (Undergraduate Research 1-6 units maximum), PSY 497 (Independent Study 1-6 units maximum) and PSY 466 (Legislative Internship 1-12 units maximum). Additional units over 6 units of PSY 466 and PSY 408 may be used to fulfill general electives.

All 36 units required for the major must be earned with a grade of "C" or higher. Of the 36 units required for this major, 15 units must be upper-division (300-400 level) courses. In addition, you may not use individualized coursework to meet this 15-unit upper- division requirement. You may count only 6 units of individualized coursework within the 36-unit major. In addition, at least 15 units of the 36-unit major must be from courses offered by NAU. These 15 units may not include individualized courses.

You are required to complete a Senior Capstone for your major. There are several capstones to choose from and several have specific pre-requisites. Discuss your choice with an Academic Advisor early in your academic career.
