

Q61. President Haeger signed the American College and University Presidents' Climate Commitment to make Northern Arizona University climate neutral by 2020. How important is it that the university becomes a leader in renewable energy and energy efficient practices in higher education?

Response	Count	Percent
Not at all important	266	11%
Somewhat important	988	39%
Very important	1272	50%
Total Respondents	2526	

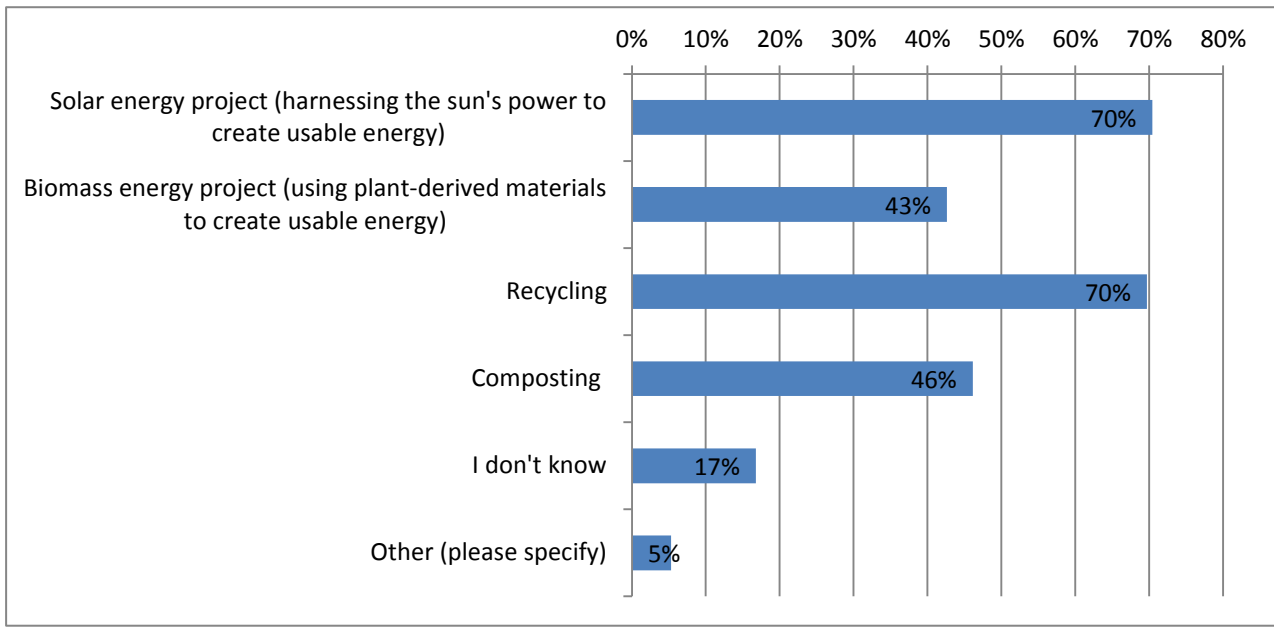

Q62. Some of the Green Fund projects are listed below. With which of the following Green Fund Projects are you familiar: (Check all that apply)

Response	Count	Respondent %	Response %
Campus Organic Garden (Garden behind the SBS West Building)	1064	42%	22%
Wind Turbines at the Applied Research and Development Building	922	37%	19%
None of the above	835	33%	18%
Sustainable Landscapes Maintenance Project	718	28%	15%
Energy Conservation Through Behavior Change, Noresco Project (Now known as the Green NAU Energy Initiative)	655	26%	14%
Composting Research at NAU and Velocomposting	491	19%	10%
Other (please specify)	58	2%	1%
Total Respondents	2526		
Responses	4743		

Q63. The purpose of the Green Fund is to spend money on reducing the university's carbon footprint and increasing sustainability at the university; What types of projects should the Green Fund be funding? (Check all that apply)

Response	Count	Respondent %	Response %
Solar energy project (harnessing the sun's power to create usable energy)	1779	70%	28%
Biomass energy project (using plant-derived materials to create usable energy)	1077	43%	17%
Recycling	1760	70%	28%
Composting	1165	46%	18%
I don't know	424	17%	7%
Other (please specify)	134	5%	2%
Respondents	2526		
Responses	6339		

Responses gathered from February 15, 2013 - March 1, 2013. Results are based on 2,526 students who completed the survey (19%) of 13,116 students enrolled at the Flagstaff campus who were invited to complete the survey. Results may not necessarily represent the entire student population at the Flagstaff campus.
