

The Arizona State Retirement System (ASRS) is launching an all-new public website!

The new site will have the same information you've come to rely on in an easy-to-navigate format.

The familiar categories designed for Members, Retirees and Employers are now organized into dashboards to make finding the information you need even easier to locate.

Review the new site

The screenshot shows the homepage of the Arizona State Retirement System (ASRS). At the top left is the ASRS logo, a stylized sun and mountains. To its right is the text "Arizona State Retirement System". In the top right corner, there is a "myASRS Login" link, social media icons for Twitter and Facebook, and a search bar. Below the header is a navigation menu with links for "Members", "Retirees", "Employers", "News", "Videos", and "About Us". The main content area features a "Welcome" message on the left, stating "To the new ASRS website! Same trusted resources. Now, easier to navigate." and a "myASRS Login" button. On the right, there is a "Searchable. Interactive." section with the tagline "Navigating your future has never been easier!". This section includes a "GPS" icon, a computer monitor displaying a map, and a "Are you a:" selector with options for "Member", "Retiree", and "Employer". Below this, it states: "You'll find the information relevant to you conveniently organized on a dashboard to help you easily find the resources you need." and "We've also expanded our Member Education services, introducing: GPS (Guide to Pre-retirement Services)". A final paragraph reads: "This fun interactive tool will guide you along your journey to retirement, regardless if you are new to public service, mid-career or thinking about retiring. It's a whole new way to navigate your future!". At the bottom of the page, there are five icons with corresponding labels: "myASRS" (a person icon with a shield), "Board of Trustees" (a gavel icon), "Investments" (a person icon with a dollar sign), "Navigate Your Future" (a GPS icon), and "Estimate Your Benefits" (math symbols: +, x, -, =).
