## NORTHERN ARIZONA UNIVERSITY School of Health Professions Bachelor of Science in Dental Hygiene 2006-2007

## **Application Process**

The Dental Hygiene program at NAU adheres to a 1+3 curriculum, where one year of prerequisite course work is combined with three years of dental hygiene coursework at NAU. Students must have completed (or be in the process of completing) 32 units of coursework including completion of 7 credit units of CHM 130 and lab plus BIO 181 prior to applying to the program. The prerequisites are listed in the 8-term plan as the courses to be taken during the freshmen year.

The application, tips to completing the application criteria for scoring the application can all be found at the Dental Hygiene website. <a href="http://jan.ucc.nau.edu/~hp-p/dh/application/index.php">http://jan.ucc.nau.edu/~hp-p/dh/application/index.php</a>

All students are required to complete at least 120 units and the required 35 units of liberal studies and 6 units of diversity courses to graduate from NAU. For the Dental Hygiene program, it is highly recommended to combine Liberal Studies and Diversity requirements.
