GE	General Elective/GAR <sup>1</sup>	3		Major	Certificate Course OR Advisor-		
				Elective	Approved UDBE course	3	
	Total units	15			Total units	12	

This progression plan is to be used in conjunction with the academic catalog and degree progress.

Students should see an academic advisor regularly to confirm their academic progress.

Students must see an academic advisor before enrollment for the 7th term in preparation for graduation.

## **Graduation Goal 120 Units!**

2007 - 2008 catalog

## Notes

- <sup>1</sup> All students are required to complete at least 120 units which includes 35 units of liberal studies and 6 units of diversity courses.
- All business majors must complete a minimum of 44 units of coursework outside of The W. A. Franke College of Business and 30 units of upper-division coursework by the time they graduate.
- In addition, business majors need to complete 9 units of FCB General Academic Requirements (GAR).
- Because some courses can be used to fill multiple requirements, students should consider the FCB General Academic Requirements and the university diversity requirements when selecting liberal studies courses. Using a course to fill multiple requirements does not reduce the total number of units required for graduation, but it does allow additional electives.

Diversity:	U.S. Ethnic (3 units)
	Global (3 units)
GAR:	Critical Thinking (3 units)
	International (3 units)
	Ethics (3 units)

Liberal	Science/Applied Science (7 units)
Studies:	Aesthetic & Humanistic Inquiry (6 units)
	Social & Political Worlds (6 units)
	Cultural Understanding (6 units)

For information on the General Academic Requirements consult degree progress in LOUIE, the Academic Catalog or an academic advisor. Students may not fill the university diversity requirement with the same course used to fill the FCB international requirement GAR.

• Many business students will need one or more prerequisite courses (MAT 101X, 102X) before enrolling in MAT 114. The course the student should begin with is determined by taking the Math Placement exam, or by ACT/SAT scores.

## The Business Professional Program Checklist

The goal of the business student during their first four terms is to complete the courses that serve as the foundation for the College's majors. Satisfactory completion of the lower-division (100/200-level) coursework is required before the student begins to take upper-division business courses (300/400-level) in the professional program. In general, the junior-senior years constitute the professional program of the undergraduate catalog. The following criteria must be met before you begin the upper-division courses in the professional program:

r	6-1
	2.0 Cumulative GPA
	2.75 GPA and a minimum grade of C in ENG 105; MAT 114:119; CIS 120; ACC 205, 255,256;
	and ECO 201, 284, 285.
	56 Units
	Completion of 6 Pathways Co-Curricular Activities
	A = 4 4/47/07

<sup>&</sup>lt;sup>2</sup> Management 300, Marketing 333, and MGT 350W (Junior-level writing) can be taken in an integrated format as BizBlock.

<sup>&</sup>lt;sup>3</sup> Some courses are only offered once a year. Check with your faculty advisor about term-specific courses.
