

Department Tuition Payment Request (DTPR)

A department paying for a student's tuition, fees, and/or insurance from an NAU account or sponsored project is required to submit this form. This form is to notify the Office of Scholarships and Financial Aid (OSFA) of any activity for which an NAU department is directly charged.

Important:

- Submit this form for each semester the department is paying the student's charges.
- This form does not waive tuition, fees, and/or insurance. Contact Student and Departmental Account Services (SDAS) for the necessary waiver forms.
- The deadline to submit a DTPR is three weeks prior to the first day of instruction of the applicable semester. Please allow 14 business days for processing.
- Students must be enrolled before the DTPR will be processed as requested payment amounts must be verified. Report all changes in enrollment to OSFA immediately so adjustments can be made to the student's account and to the corresponding expense transfers previously made.
- Students who withdraw from classes mid-term might owe funds back to NAU; it is the department's responsibility to maintain student lists and track expenses paid for each student.

Instructions:

- Departments complete sections A and B providing NAU chart field information and securing the signatures of authorized individuals.
- Print the form and, if applicable, proceed with obtaining approvals from the Graduate College and/or the Office of Sponsored Projects.
- Submit the completed form to OSFA.
