Fulfill Your Goals

Teach Writing More Effectively: You will discover cutting-edge approaches that will make you a better writer as well as a better teacher of writing.

Write Like a Professional: You will learn to analyze documents and produce relevant and practical projects geared towards your career goals.

Complete Coursework Online: You will be able to work from your home, your office, or a public library close to you to ensure flexibility in completing your degree.

Join Our Successful Team

Our program provides professional development for people interested in teaching and in a wide variety of career fields. We

- Prepare students for successful careers as educators, writers, and communication specialists.
- Provide students with knowledge in the histories and theories of rhetoric, composition, and professional writing.
- Provide students with skills in written and digital communication that will help them lead rewarding lives in an increasingly diverse world.

You can customize your coursework to apply to your career aspirations.

- Education Experts: K-12, Community College
- Communications & Outreach Experts: National Parks, Community Organizations
- New & Social Media Writers: Bloggers, Web-editors
- Business & Non-Profit Professionals: Grant Writers, Editors
