Are You on the Right Track to Build a Successful Career?

Freshman
Plan Your Strategy

- Introduce yourself. Meet with your Gateway advisor and start planning your academic strategy.
- Take advantage of the Learning Assistance Centers. Their north and south campus locations provide tutoring and supplemental instruction for many CEFNS classes.
- Create your social network. Find your department’s student lounge and meet people with similar interests.

Sophomore
Lay the Foundation

- Declared your major yet? Stop in and introduce yourself to your CEFNS professional advisor.
- Start making a difference. Meet with the CEFNS career services coordinator and start applying for research scholarships and student internships.
- Get involved. Join one of many CEFNS student organizations.
- Think Globally. Start planning for a semester abroad through NAU’s Center for International Education.

Junior
Build Your Confidence, Experience, and Passion

- Have you met with your CEFNS professional advisor yet? If not, do it now!
- Develop your post-graduation strategy. Visit the CEFNS career services office and Gateway to learn about opportunities and strategies that will set you apart from the workforce.
- Bolster your resume. Get hands-on experience by participating in undergraduate research projects.
- Attend a CEFNS career fair. Meet potential employers and explore summer internship opportunities.
- Broaden your cultural perspective. Participate in a study abroad program.
- Get passionate about your career! Participate in a summer internship.

Senior
Develop Your Professional Skills

- Show off your research or design skills. Present your capstone project in the CEFNS Undergraduate Research and Design Symposium.
- Develop your presentation skills. Speak to your department about conference and presentation opportunities.
- Explore post-graduation opportunities. Visit the CEFNS career services website or office to search for the latest job postings. Attend both the fall and spring CEFNS Career Fair and meet potential employers.
- Liking professional research? Discuss with your faculty mentor post-graduation degree options.
- Don’t forget your cap and gown! Fill out your graduation paperwork and attend a graduation workshop.

NAU and CEFNS are committed to helping you achieve educational and professional success. Visit our Career Center online or in-person to learn more about undergraduate internships, research scholarships, and post-graduation employment opportunities. With preparation and dedication, we can help you stay on the track to success!
