Dear Authors,

It is my pleasure to inform you that the Editor of the Journal of Hydraulic Engineering has selected you to receive the 2017 Best Technical Note Award for the discussion of "Automated Riverbed Sediment Classification Using Low-Cost Sidescan Sonar" by Daniel Buscombe, Ph.D., Paul E. Grams, Ph.D., and Sean M. Smith, Ph.D.

We would like to present you with this award during the World Environmental & Water Resources Congress 2017 in Sacramento, California, during the Hydraulics & Waterways Council Luncheon and Awards Ceremony. This luncheon is complimentary to you and will be held on Thursday, May 25 at 12:15 - 1:45 pm (arrive by noon) at the Sacramento Convention Center. To learn more about the Congress, please visit the Congress web site at www.ewricongress.org.

To confirm your attendance at the awards luncheon, please contact Gabrielle Dunkley at gdunkley@asce.org. If you would like to register for the Congress, please visit the EWRI Congress website at www.ewricongress.org.

Please accept my personal congratulations on this important milestone in your career.

Sincerely,

Clifford A. Pugh, P.E., M.ASCE
EWRI Awards Committee Chair
