      - Photography
      - Public Relations
      - Visual Communication
      - School of Communication

Academic organizations represent administrative owners/reporting divisions and are associated with programs, plans, and subjects/courses/classes. Academic organizations are arranged in a hierarchical tree structure to represent administrative roll-ups. This roll-up structure, in turn, allows users to group and dissect data for reporting purposes. This organizational chart does NOT reflect internal NAU reporting lines for personnel. It is meant to reflect the academic structure as it exists in Oracle/PeopleSoft.

NAU Defined Levels
Level 1: University = NAU
Level 2: Institution = NAU
Level 3: College
Level 4: Division
Level 5: Academic Unit

Color Key:
- New College
- New Division
- New Unit
