UNIVERSITY

NORTHERN

ARIZONA
VPR note: The current grant has demonstrated substantial success in working with tribal schools and communities. The grant (which includes faculty from several different colleges) has just submitted a proposal for the next phase of support - this award would be several million dollars.

Entitled and Local/Reservation Schools.

$1,000,000 award, and requires a great deal of coordination of faculty, staff, teachers, tribal.

Close of the Spring 2012 semester, and Dr. Marks will return to the Biology office. This is a change of the Senior Leadership and has office space in R膝. This appointment will end in the fall of 2012.

Cooler is working in Dr. Marks' office space in Biology, as Dr. Marks is currently the Director. Cooler is responsible for the University/Reserve and other selected faculty must accompany this form.

A justification based on the university’s strategic priorities, personnel needs, projected growth of the space utilization and space planning committee.
