NAU is conducting mitigation testing for students, faculty, and staff to help provide information about the COVID-19 virus in our population.

This testing is essential to NAU’s ability to continue to offer in-person education while proactively reducing the spread on campus.

1. You’ve been selected to test!
   Thanks for your commitment to helping keep our campus community safe.

2. Follow the email instructions
to make an appointment on one of the available days.

3. On the day of your appointment
   stay hydrated, but do not chew gum, use tobacco products or have anything to eat or drink—even water—for 30 minutes prior to submitting a sample.

4. Have your registration voucher accessible
either printed or on your phone, on the day of testing.

5. Take the saliva test
   at the University Union Fieldhouse.

6. Results will be available within 72 hours. Follow instruction in the email to access your results using your CAS log-in.

7. Negative?
   Continue to mask and physically distance.

7. Positive?
   Isolate and work with Campus Health Services and contact tracers.
