Zoom

Join a Meeting

Zoom meetings can be joined on a computer or through a phone for the audio portion.

Join a Zoom meeting from the meeting invite with full audio and video on your computer:

1. Select the **Join URL** link in your meeting invite.
   - A pop-up window opens confirming that you are opening the Zoom app.

2. Select the **Open zoom.us** button.
3. Select **Join with Computer Audio**.

Join a Zoom meeting from your phone:

1. Open the meeting invite and dial one of the numbers provided.
2. Enter the meeting and participant IDs from the invite, followed by the pound sign (#).

To join on your computer for the video portion:

1. Select the **Join URL** link in your meeting invite.
2. Select the **Open zoom.us** button in the pop-up.
3. Select **Join with Computer Audio**.
4. In the meeting window, select the arrow next to the microphone and select **Leave Computer Audio**.

You are connected to the meeting on your phone and computer. Only the audio on your phone is connected to the meeting. Use the audio controls in the Zoom meeting on your computer to manage your phone audio.
