

# INTERNATIONAL FRIENDS

The IFriends program introduces NAU students from different countries, usually an international student and a US student. It is especially helpful for students new to NAU, so we attempt to pair new students with returning students. The returning student acts as a resource for NAU, Flagstaff and U.S. questions, as well as being a friendly face to welcome new students to the community. Efforts are made to match students according to age, gender, languages spoken, and interests. IFriends are encouraged to meet regularly—this experience is what you make of it!

After you complete this interest form, return it to the Center for International Education (Blome, #2) or email it to [Kathleen.McKeiver@nau.edu](mailto:Kathleen.McKeiver@nau.edu). You will be introduced to your IFriend via NAU email before the end of September. If you are an international student, please submit the IFriends Interest Form on iNAU.
