

Lumberjack-Accelerated Overview

- ▶ Current Lumberjack Scholars
- ▶ Currently enrolled in an Accelerated Program
- ▶ Some Lumberjack Scholarship recipients may enter the graduate portion of their accelerated program prior to the 8th semester of their Lumberjack Scholarship.
- ▶ In those cases, the NAU Graduate College will provide a tuition waiver to students for up to 2 semesters as a graduate student.

Lumberjack-Accelerated Process

- ▶ Units submit the tuition waiver form to GATW by the June 15 & November 15 deadlines.
- ▶ Tuition waivers will not be awarded if the deadline is missed.
- ▶ Indicate Lumberjack-Accelerated using only the newest form.
- ▶ Students should reach out to their Graduate Coordinator or Faculty Advisor if they think this applies.
- ▶ GATW will verify eligibility of Lumberjack, Accelerated, and 3 years of Lumberjack Scholarship & if so, notify the department that the waiver will be processed.

Lumberjack-Accelerated Considerations

- For Lumberjack Accelerated scholars, these waivers will not come out of department or college allocations.
- Can be used for first 2 semesters of graduate portion of accelerated program if student does not become a GA or commensurate funding.
- Funding is for fall and spring semesters only.
- This is not a recruiting tool, rather designed to fix rare inequities.
- Once any student moves from undergraduate to graduate program, they become ineligible for undergraduate funding.
- This pertains to the Lumberjack Scholarship Only
- All other undergraduate aid will be cancelled as a graduate student- to confirm aid and awards students may reach out to the Office of Scholarships & Financial Aid
