Please use the judging criteria below to evaluate each specific aspect of the poster. The numbers scores at the bottom of each section will be totaled to give an overall score. Some students make use of different headings for the sections listed below, so please evaluate these sections based on the appropriate content.

**Introduction (Needs/Background/Purpose)**
- Is purpose of the project clearly stated?
- Does it convey the importance or need of the project?
- Does the title clearly reflect the focus of the project?

<td></td>
</tr>
</tbody>
</table>

**Description/Methods**
- Do you understand what was done and why?
- Do you get a clear picture of the author(s)’s decision-making process?
- Are the methods justified? Will they be able to provide insight into the stated goals or outcomes?
- Did the author(s) describe their project in such a way that you feel someone within their discipline would be able to identify with the challenges and potential outcomes of the project?

Outcomes/Assessment (Results)
- Did you understand how/what the author(s) examined and/or assessed?
- Is the outcome clear to you? Are the results explained in the context of the limits and framework of the study?
- Are the stated goals achieved? If not, was the lack of achievement explained?

Discussion/Conclusion
- Does the author(s) offer explanations for what happened (what worked well and what didn’t work)?
- Does the author(s) thoughtfully reflect on what the results mean or did the author(s) only summarize the outcomes?
- Does the author(s) describe the future implications of the project’s findings?

Significance/Overall Impression
- Do you feel the information presented is important and contributes in some way to the discipline’s body of knowledge?
- Does it pass your “so what” test?
- How do you rate the overall quality of the poster, including appearance, content and significance?

Overall Thoughts/Comments (optional)

PLEASE ADD THE VALUES IN SECTIONS I – V AND PLACE THIS NUMBER IN THE CHART ON THE TOP OF THE FIRST PAGE.
