

Graduate College

Program Change Request Form

In most cases, students who wish to change their graduate program must submit an admission application for the new program. If the current program and proposed program are housed in the same academic department, this form may be used to request a program change without the requirement of a new admission application. Contact GradAdmissions@nau.edu to determine if you are eligible to submit this form.

Student Information:

Student name:	Student ID:
Advisor/Faculty Mentor:	NAU Email:
Department Chair/Director:	
Current program (e.g., Biology, PHD):	

Program Change information:

Proposed degree program (e.g., Biology, MS):
Emphasis, if applicable:
