

Tuition Waiver Allocation Cycle All Year

February

- Graduate college meets with department deans and negotiates tuition waiver funding.
- Department deans receive allocation notification.

February-June

- Departments award tuition waivers to students from their February allocations.
- The allocations can only be awarded for the upcoming academic year starting in fall.
- The tuition waiver awarding process is autonomous for each department.

Funding cycle repeats beginning February of the following year with the exception of departments who qualify for re-awarding in the spring semester.
