

Supporting Students and Clinical Supervisors during Rural Health Rotations

Gina Buban, OTD, OTR/L

Northern Arizona University - College of Health and Human Services

Zach Sneed, PhD, CRC, LCDC, BC-TMH

Texas Tech University Health Sciences Center, School of Health Professions

Major Topics:

- Rural health components and priorities
- Designing education to fit rural health
- In-state versus out-of-state placements
- Supporting students during rural health clinical placements
- Supporting clinical supervisors

Top Ten Priorities for *Rural Healthy People 2020*

Total Respondents = 688

Recruitment and Admissions

- Open Houses, High School Presentations, & Undergraduate Students
 - How do you highlight rural health education in your curriculum?
- Faculty recruitment
- Regular Admissions Vs. Holistic Admissions

Educational Preparation

- Connecting students to rural health mentors
- Workforce Profile
 - Urban area vs. rural area
- Population Health
- Health literacy
- Guest Speakers
 - Indian Health Services
- Rural health populations

In-state versus out-of-state placements

- Both speakers are mission-specific for in-state based services
- Need to grow into out of state, to remain competitive.
- Changes in applicant base, when looking across state lines...
- Different licensing standards / boards
- Contracting
- Planning

Student Considerations...

- Logistics, housing, travel, broadband access
- Preparation, work life balance, compensation
- Client demographics
- Priority housing by discipline
- Funding supports / ideas

Clinical Supervisor Considerations...

- Training and preparation - on our curriculum
- Supervisor roles and responsibilities
- Expected timeline and evaluative components
- Establishing relationship and strong communication
- Online educator library
- CEU and PDU for supervisors
