

## Alternative Hours Product and Modules

All alternative products must be attached to the OTCAS application by the application close on January 3, 2021 with the content summary form unless an extension has been requested.

Note: All applicants missing any number of hours will be required to complete the shadowing module's 1-6.

### **Shadowing Modules:**

The online Occupational Therapy Shadowing Experience has been Developed by Cheryl B. Lucas, EdD, OTR/L as an alternative to clinical shadowing hours required for application to occupational therapy educational programs. The online shadowing experience provides interactive film, media and readings to give you an overview of the settings and clients you will work with and help you to understand the philosophy and process of occupational therapy. Use the link and password below to complete modules 1-6.

### **Alternative Hours Products:**

For each required product, review an occupational therapy related media source and create a product that identifies and explores your understanding of the occupational therapy profession and practice through the content in this media source. The purpose of observation and volunteer hours is to allow students to gain a deeper understanding and appreciation of the occupational therapy field as well as gain a connection to the community around them through service. Please keep this in mind when assessing the content and credibility of your media source options. Don't forget to cite your media source.
