

### Interns-to-Scholars Application Questions

Please fill out the following document with your responses to the following 5 questions.

**NAME:**

**Position title:**

- 1. What are your academic and professional goals and how do they relate to this internship? (This should provide enough information for a potential faculty member to see that you've thought about the relationship between this internship opportunity and your short and long term goals. Be specific!)**
- 2. Why are you interested in this particular internship? (This is your opportunity to show your enthusiasm for this specific internship; the faculty mentor should be able to learn something about your personality, your work ethic, related experiences that you may have had, etc. It should read like the body of a cover letter.)**
- 3. What are your qualifications and experience that will make you a good fit for this internship? (Be sure to address the tasks, skills, and additional eligibility requirements (if any) in the description of the internship.)**
- 4. Availability: List the days/times you would be available to work on this internship this next semester. For example: Mondays 2-3pm; TuTh 8-9:30am; Wednesdays 1-5pm**
- 5. Professional Reference: Provide the name and email (or phone number) of an NAU faculty or staff member as a reference for you. If you do not have an NAU faculty or staff that could serve as a reference, please list a past supervisor, teacher, or mentor.**
