

# STUDENT PHILANTHROPY COUNCIL

## *Who are we?*

Student Philanthropy Council, SPC, is a unique organization on campus created by the students, for the students. We are dedicated to giving back and educating the student body of the importance of philanthropy. Founded in 2009 we have been making an impact around NAU and the greater Flagstaff community for 10 years.

# Past Events:

## CAMPUS CLEANUPS

*SPC is dedicated to giving back to NAU as well as the Flagstaff community. Keeping our campus beautiful is one of our top priorities.*

## TIE-DYEING FACE MASKS FUNDRAISER

*The COVID-19 pandemic brought about the need for face masks, so the SPC held two events where students created some fun, one-of-a-kind tie-dyed face masks. Over 100 students participated in the event and the proceeds went to the NAU Student Philanthropy Scholarship.*

## THANK-A-THON

*This is an annual event to say thank you to the generous donors who contribute to the NAU Foundation and to SPC. We greatly appreciate the effort that goes into our funds. This event allows students and others in the NAU community to write a note thanking those who have donated.*

## BLOOD DRIVES

*Through the pandemic, SPC was fortunate enough to be able to sponsor a blood drive this semester. Students had to sign up ahead of time to decrease the in-person contact. We host these events often so be on the lookout for emails, flyers around campus, and social media announcements.*

*"I love giving back to the community! Philanthropy is very important to me and this club exposes me to people who also value and prioritize that."  
-Holly Hansen, Sophomore*
