

# PROVIDE AN OPPORTUNITY OF A LIFETIME TO AN INTERNATIONAL STUDENT

**NAU** NORTHERN ARIZONA  
UNIVERSITY

Center for International Education

## About the scholarship

Studying at NAU opens new worlds to international students, strengthening their academics while allowing them to build international connections and develop deep cultural understanding and empathy. At the same time, they enrich the NAU experience for everyone by providing new perspectives and diverse ways of thinking.

## NAU faculty and staff giving

Scholarships and awards help to ensure more students have access to this life-changing experience. Create an immediate impact on the international student experience by donating to funds such as the International Student Scholarship at the NAU Foundation. NAU employees can contribute to this fund or any of our 30+ international student-centered funds through a one-time donation or periodic payroll deduction.

*“The International Student Scholarship provides valuable and much-needed support while I am working on my dissertation. I am truly happy and appreciative to be selected as the recipient of this award. One day, I hope to help students achieve their goals just as you have helped me.”*
