

2023

COMMENCEMENT
PROGRAM

NORTHERN ARIZONA UNIVERSITY

DECEMBER 15, 2023

Message from the President

Welcome graduates, family, and friends,

To the class of 2023, on behalf of our entire university community, congratulations on earning your degree from Northern Arizona University!

To the family and friends who have joined in celebrating our graduates' achievements, your support has been foundational to their success and means so much to our Lumberjack family.

To the faculty and staff who serve our students throughout Arizona, thank you for helping all of today's graduates realize their goals.

We have all been looking forward to this day—a day to celebrate together with family, friends, and mentors in Flagstaff at the Skydome. This moment is the perfect time to recognize the accomplishments of our extraordinary students, to celebrate the richness and vitality of our university community, and to reflect on all that our Lumberjacks do to enrich and give back to the communities they represent.

The degrees we confer today are the result of years of determination, hard work, and perseverance. In your time at NAU, your talent has been met with opportunity to realize its full potential, you have pursued meaningful educational experiences that will lead to careers of consequence, and you have cultivated a spirit of inquiry and engagement that will fuel lives of purpose. We are confident you are ready to lean into and lead in a world that is searching for answers, knowledge, compassion, understanding, and justice.

You now join a diverse and successful worldwide alumni network. We are so proud of your success and are confident in the contributions you will make as NAU alumni, ambassadors, and lifelong members of our Lumberjack family.

Warm regards,

A handwritten signature in black ink, appearing to read 'JLR', written over a thin horizontal line.

José Luis Cruz Rivera
President

Message from the Arizona Board of Regents

Dear graduate,

Congratulations on your graduation from Northern Arizona University! You've worked hard for this moment, and we commend you for reaching this milestone.

Earning a college degree is one of the smartest decisions an individual can make. Through perseverance, persistence, and resilience, you've reached this moment and are now positioned to make your mark on the world.

As you begin your new adventure, keep lifelong learning a priority! It will broaden your horizons and ensure your skills remain relevant in our always-evolving world. Share your ideas with the world and remember to listen to others. Discuss ideas that are different than your own in a civil manner.

Recognizing an individual's point of view and treating differing opinions as an opportunity to learn is crucial to making progress in our society.

Be proud of your degree and the determination and hard work that brought you to this day. The board and universities are proud of you!

As an NAU graduate, you now represent our university and its ideals. Remember your alma mater—your friends, mentors, professors, and all who supported you along the way. You are forever part of the Lumberjack community.

We wish you the best for a future that is full of promise and possibilities. Go Jacks!

Sincerely,

Fred DuVal

Commencement Speaker

Sharon Singer Doctor (she/her/asdzáá)

*Director, Student Life Experience,
Office of Indigenous Student Success
Northern Arizona University*

Sharon Singer Doctor brings over 23 years of student affairs experience to her role as Director of the Office of Indigenous Student Success. A collaborative leader, Doctor serves to enhance the university environment and its support networks, contributing to the success of over 2,000 Native American, Alaska Native, and Native Hawaiian students.

As a Diné woman, Doctor's clans are Bitter Water (maternal), Water's Edge (paternal), Towering House (maternal grandfather), and

Many Goats (paternal grandfather). Doctor credits her parents and paternal grandparents for encouraging her to pursue a college education.

Raised in several rural communities in northern Arizona, Doctor attended Yavapai College and transferred to Northern Arizona University as a first-generation Indigenous college student in 1990. She is passionate about and believes in the value of a college education for access to new opportunities. Doctor is a three-time NAU alumna, having earned a Master of Education in Counseling – Student Affairs and two baccalaureate degrees in General Studies and Business Management.

Doctor was a student employee with the Nizhoni Academy, a summer bridge program, until graduation. For almost three decades, she has served in numerous positions, including with the Upward Bound TRiO Program, The W. A. Franke College of Business' Center for American Indian Economic Development, and the Office of Indigenous Student Success (formerly known as Native American Student Services), where she now leads a dedicated team to provide guidance and a welcoming environment to students.

For over 20 years, Doctor has also been an appointed member and former chair of the Indigenous Peoples Advisory Council of Coconino County. In addition, she serves as a staff co-chair for the NAU Commission on Ethnic Diversity. Doctor enjoys traveling to countries near and far (Canada, Japan, Germany, France, Spain, Italy, Australia, and Tasmania so far), listening to 70s and 80s music, and spending time with family.

Doctor was honored and humbled when student leaders selected her as this year's Homecoming Dedicattee.

Honorary Doctoral Degree

Honorary degrees, education's most prestigious recognition, are reserved for eminent individuals with state, national, or international reputations. Recipients are typically leading scholars, discoverers, inventors, authors, artists, musicians, entrepreneurs, social activists, and leaders in education, business, politics, or government. Occasionally, honorary degrees are awarded to people who have rendered lifelong service to the university through board membership, volunteerism, or major financial contributions.

The following pages recognize the history of Honorary Doctoral Degree recipients for Northern Arizona University.

Honorary Doctoral Degree

1957

Dr. Edwin D. McKee
Dr. Vesto Melvin Slipher

Marshals

Commencement Marshals are volunteers from the university community who lead the processional and recession of the stage party, which includes academic leadership, faculty, and students. Marshals also direct the flow of students across the stage as graduates are congratulated by their Dean and the President. Marshals wear a white “Marshal” stole with their academic regalia during the ceremonies.

The Academic Regalia

In the twelfth century, as scholars began to organize themselves into guilds called “universities,” a distinctive costume called the “scholar’s gown” also began to emerge.

The gown was originally black (to better hide ink stains) and voluminous for warmth. It also had a hood that could be pulled over the head for protection from rain and served in fair weather as a carrying pouch for such scholarly essentials as chalk, spare pens, or a boar’s tooth for smoothing the surface of parchment.

The square mortarboard worn today is a stylized representation of a stocking cap especially designed to hold a small book secure atop a scholar’s head.

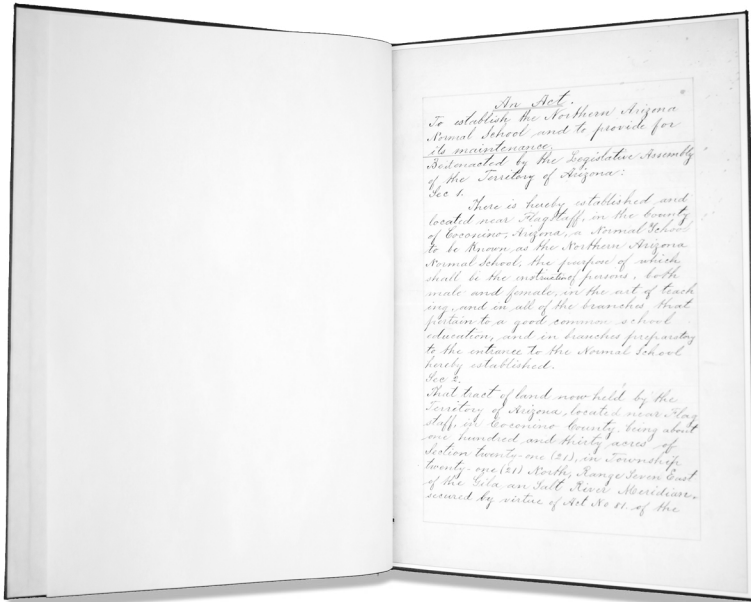

Scholarly rank and discipline are indicated by the cut of the gown and colors of the hood and tassel.

- A bachelor’s gown is blue and untrimmed, has pointed sleeves, and reaches only to the knees.
- The color of the tassels and the color of the silk/velvet band on the border of the hood indicate the discipline: white for arts, humanities, and letters; drab for accountancy, business, and commerce; lilac for dental hygiene; copper for economics; light blue for education; orange for engineering; brown for the fine arts, including architecture; russet for forestry; crimson for journalism; green for medicine; pink for music; apricot for nursing; silver gray for oratory (speech); dark blue for philosophy; sage green for athletic training, occupational therapy, and physical education; teal for physical therapy; kelly green for physician assistant; peacock blue for emergency management, community development/sustainability, and public administration, including foreign services; salmon pink for public health; golden yellow for science; and citron for social work.
- Students graduating from the Honors College wear a golden stole emblazoned with the word “Honors.”
- Bachelor’s candidates with a cumulative GPA in the top 5 percent of their college will be awarded Summa Cum Laude (With Highest Praise) and wear a gold honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 10 percent of their college will be awarded Magna Cum Laude (With Great Praise) and wear a navy blue honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 20 percent of their college will be awarded Cum Laude (With Praise) and wear a light blue honor cord.
- The master gown is blue and untrimmed but has closed sleeves in the shape of an arc.
- Master candidates who earn a 3.90 to 4.00 GPA graduate “with distinction” and wear a royal blue and gold cord.
- Doctoral candidates wear a blue gown faced with blue velvet panels and three velvet bars on bell-shaped sleeves.
- Bachelor’s, master, and doctoral degree candidates graduating in the top 10 percent of their class are offered membership into the multidisciplinary honor society Phi Kappa Phi.

The Charter

The origins of Northern Arizona University can be traced back to the 41st House Bill of the 20th Territorial Legislative Assembly of Arizona.

A bill dealing with a large, unfinished, territorial building south of Flagstaff was passed and signed into law on March 11, 1899, by Territorial Governor Nathan Oakes Murphy. The seven-page, handwritten bill laid the legal foundation for the creation of Northern Arizona Normal School, provided for the completion of the building that would become known as NAU's Old Main, and provided the means for the future upkeep of the institution. Northern Arizona Normal School opened its doors on September 11, 1899, with an initial enrollment of 23 students and Almon Nicholas Taylor acting as president and one of only two faculty members. The document is included with other traditional elements at commencement as a physical reminder of the importance of education to early Arizona, and it illustrates the evolution of both NAU and the state of Arizona to the present day.

Ceremonial Academic Mace

The mace was originally a weapon, made of iron and designed to smash an opponent's armor. It was carried in battle by princes and medieval bishops, who were forbidden by canon law to shed blood. Throughout the Middle Ages, the mace became a more elaborate weapon, and by the fourteenth century, it was carried by the king's bodyguard, the sergeant-at-mace, to protect the king's person. It thus became a protective symbol of lawful authority, and from it, the ceremonial mace emerged. Much like a scepter carried by royalty, the mace was a symbol of the power and authority of the city mayors and university rectors.

Like the rector of a medieval university, the modern university president is charged with the protection of the special mission that society has vested in higher education. The mission is the acquisition, preservation, and transmission of knowledge in the service of society. Thus, the academic mace symbolizes the academic sovereignty of the university and serves notice that the president will act to preserve and protect the mission of the university. To mark the beginning and end of the ceremony, the president of the NAU Faculty Senate brings forward and retrieves the academic mace.

The ceremonial mace of Northern Arizona University was created in 1979 by Dr. William F. Nietmann of the university faculty. It is 44 inches long and has been designed to represent a number of organizations significant and distinctive to the state of Arizona. It is made primarily of Arizona walnut and incorporates a variety of materials characteristic of the state. The head is decorated with five minerals or stones, each inlaid with silver and set in a different wood, and is capped with malachite, a source mineral of copper, selected to represent the industry. Obsidian from the San Francisco Peaks represents the volcanic mountains, plateaus, and national forests so abundant in the area. Precambrian schist from the bottom of the Grand Canyon, about 1.75 billion years old, is set in juniper and represents Arizona's national parks. A fragment of metallic meteorite, set in aspen, was chosen to represent the American exploration of space by the astronomical observatories in Arizona and the US Geological Survey. The last mineral is turquoise, set in ponderosa pine, chosen to represent the Native American Tribes of Arizona.

Alma Mater

The Northern Arizona University Alma Mater was created by a young first-year student named Ella Lee Marr LaPointe, who never suspected her work would go down in history. In 1931, Arizona State Teachers College sponsored an Alma Mater contest, and LaPointe, who did not know how to read or write music, simply put on a one-shot performance of her suggestion for the faculty judges. When the decision day came, a vocal quartet performed the chosen piece on stage and, when they began to sing, LaPointe was astounded to hear her own music, and even more shocked to receive the contest prize—a \$10 gold piece in a plush case.

Hail Alma Mater,
Hail NAU
Thy name forever
A guiding light so true.

Strong as the pine trees,
Our love will never fail,
To thee, Alma Mater,
Hail! Hail! Hail!

Lumberjack alumni are at the heart of NAU's success

Congratulations and welcome to the Lumberjack alumni family! You are now part of the vital and diverse NAU Alumni Association—a family whose spirit and determination are unrivaled.

More than 200,000 strong, the NAU Alumni Association is dedicated to your lifelong success as a Lumberjack alum. This alumni community is committed to engaging, connecting, and celebrating you and your ties to NAU. Connect with alumni around the world during events, harness the power of your Lumberjack network in your career, immerse yourself in True Blue spirit, and celebrate NAU's distinct impact worldwide.

Class of 2023, you are part of a Lumberjack family that shares strength, optimism, and kindness in the community. NAU alumni compassionately give back to their alma mater. Alumni mentor current students and recruit new ones. They elevate excellence, drive social impact, and create opportunities for the next generation of Jacks. When alumni like you give back, you ignite powerful change makers who will follow in your footsteps of success.

Your gifts of time, talent, and treasure will help all NAU students achieve the bold future they desire. Gifts to the NAU Foundation support a place where students always come first and build an aspirational environment of belonging and learning for all. Gifts to the NAU Foundation transformed Fatima's and her family's trajectory; as a member of the Class of 2023, Fatima is prepared to make a better world possible with #AxeOfKindness.

"I'm so grateful for all the **supporters like you who believed in my success as a first-generation student**. You helped me take risks, step outside of my comfort zone, and achieve things I never dreamed were possible. Thanks to you, I'm charting a new path for my family and my community."

– Fatima Luna, *Biomedical Science and Comparative Cultural Studies*, '23

Unite with your Lumberjack alumni family to drive NAU's positive impact in the world, bolster kindness, and make an immediate difference at [foundation.nau.org](https://foundation.nau.edu).

LAND ACKNOWLEDGEMENT

Northern Arizona University sits at the base of the San Francisco Peaks, on homelands sacred to Native Americans throughout the region. We honor their past, present, and future generations, who have lived here for millennia and will forever call this place home.
