Honorary Doctoral Degree

Honorary degrees, education's most prestigious recognition, are reserved for eminent individuals with state, national, or international reputations. Recipients are typically leading scholars, discoverers, inventors, authors, artists, musicians, entrepreneurs, social activists, and leaders in education, business, politics, or government. Occasionally, honorary degrees are awarded to people who have rendered lifelong service to the university through board membership, volunteerism, or major financial contributions.

The following pages recognize the 2023–2024 Honorary Doctoral Degree recipients for Northern Arizona University.

Honorary Doctoral Degree

Northern Arizona University recognizes the commitment and contributions this individual has made to music education and leadership in the arts by bestowing upon him an Honorary Doctoral Degree.

Efrain Casillas Jr.

*Music Teacher and Music Department
Coordinator, Tolleson Elementary School District*

Efrain Casillas, a dedicated educator and passionate advocate for music education, has been instrumental in student success at the Tolleson Elementary School District (TESD) in Tolleson, Arizona. With 24 years of experience as a public school music teacher, Casillas' commitment to nurturing young talent has been unwavering.

Casillas' journey began at Western Connecticut State University, where he earned a bachelor's degree in music performance and education in 1999. Since then, he has worn multiple hats at TESP, seamlessly balancing his roles as a classroom teacher and Department

Coordinator. His visionary spirit led to the creation and implementation of TESP's first-ever mariachi, jazz, marching, concert, and Latin jazz bands across two school campuses.

Under Casillas' guidance, the mariachi band garnered acclaim at the Tucson Mariachi International Conference, performed at Disneyland, and even played at the White House during the annual Easter Egg Roll. Meanwhile, the middle school Latin jazz band shared the stage with renowned musician Pete Escobedo, and the marching band was featured in the Fiesta Bowl Parade for three consecutive years.

Casillas' excellence extends beyond the music room. His accolades include being named TESP Teacher of the Year in 2015, receiving the Esperanza Latino Teacher Award from Chicanos Por La Causa in 2018, and earning the Country Music Association's prestigious Music Teachers of Excellence Award in 2020. His passion caught the attention of national audiences when he was featured on the Kelly Clarkson Show in 2020.

In 2022, Casillas received the Phoenix Arts Hero Award, a testament to his impact on the local arts community. Most recently, he was honored as the Arizona Teacher of the Year in 2024—a well-deserved recognition of his dedication to shaping young minds.

Beyond the classroom, Casillas actively contributes to the field of music education. He is a proud member of both the Arizona Music Educators Association and the Arizona Association of Latino Administrators and Superintendents, advocating for equitable access to quality education.

Honorary Doctoral Degree

Northern Arizona University recognizes the commitment and contributions this individual has made to public service and higher education in Arizona by bestowing upon her an *Honorary Doctoral Degree*.

Christine Marie Farley

Senior Vice President for Engagement and Public Affairs (Retired), Northern Arizona University

Christy Farley, a proud Arizona native raised in Flagstaff, embodies a remarkable journey of dedication and leadership. An NAU alumna, she earned a Bachelor of Science in Criminal Justice with a minor in Sociology in 1993. Her commitment to public service sparked immediately after graduation, as she assumed pivotal roles in legislative analysis, policy advising, and education under the administrations of Arizona governors Fife Symington and Jane Hull.

Farley's impact extended beyond the political arena. She served as the executive director of the Arizona State Board of Education, collaborating closely with two Superintendents of Public Instruction. Her unwavering dedication to NAU spanned two decades, culminating in her recent retirement as the Senior Vice President for Engagement and Public Affairs. In this capacity, she skillfully navigated local, state, and federal government affairs while also spearheading marketing initiatives and university development activities.

Throughout her NAU career, Farley donned various hats, including interim CEO of the NAU Foundation, Vice President of External Affairs and Partnerships, and Chief Administrative Officer of the Phoenix Bioscience Core. Her steadfast commitment to education and community resonates deeply, as evidenced by her active involvement on boards and committees. Notably, she contributed her expertise to organizations such as the Arizona Chamber of Commerce, the State Board for Charter Schools, and Expect More Arizona's board of directors.

For three decades, Farley has called Phoenix home, where she balances her professional achievements with a fulfilling family life. As a devoted spouse and mother of two, she exemplifies the spirit of service, leaving an indelible mark on Arizona's educational landscape.

Honorary Doctoral Degree

Northern Arizona University recognizes the commitment and contributions this individual has made to public and private healthcare leadership by bestowing upon her an *Honorary Doctoral Degree*.

Pamela D. Kehaly

President and Chief Executive Officer, Blue Cross Blue Shield of Arizona

As President and Chief Executive Officer of Blue Cross Blue Shield of Arizona (AZ Blue), Pam Kehaly embodies a commitment to “Inspire Health and Make it Easy” for millions of Arizonans. Leading a dedicated team of more than 3,000 employees, she orchestrates innovative programs, services, and health insurance products that directly impact the lives of more than two million members.

With a remarkable 30-year career in the health insurance industry, Kehaly has honed her expertise in collaborating with physicians and hospitals to achieve tangible results. Since assuming her role at AZ Blue, she has steered

the company to the number one market share by focusing on consumer needs and fostering a vibrant company culture.

Kehaly’s visionary leadership led AZ Blue—the preeminent health insurer statewide—to prioritize tailored products that address the unique needs of its members. Whether advocating for affordability or championing the well-being of Arizona’s communities, Kehaly remains steadfast in her commitment.

Kehaly’s educational journey began at California State University, Stanislaus, where she earned her bachelor’s degree in business administration. Beyond her executive role, she actively shapes Arizona’s landscape through her involvement as chair of Greater Phoenix Leadership and a board member of Arizona Commerce Authority, UNS Energy, the Translational Genomics Research Institute, the National Institute for Health Care Management, and the Phoenix Police Reserve Foundation.

Additionally, Kehaly lends her expertise to the Schaeffer Center for Health Policy and Economics at the University of Southern California. Her commitment to public service extends to her role on Senator Mark Kelly’s Health Advisory Board and as a member of Secretary of State Adrian Fontes’ business board.

Kehaly’s impact resonates far beyond the boardroom, creating new foundations of health and security for all of Arizona.

Honorary Doctoral Degree

Northern Arizona University recognizes the commitment and contributions this individual has made to educational access, success, and equity through his philanthropic leadership by bestowing upon him an *Honorary Doctoral Degree*.

Paul J. Luna

President and CEO, Helios Education Foundation

Paul J. Luna, a nationally acclaimed leader in philanthropy, education, and community development, has opened the door to opportunity for countless Americans. As President and CEO of Helios Education Foundation since 2006, Luna has steered the organization toward empowering every student's success in postsecondary education. His unwavering focus centers on uplifting low-income and underrepresented communities across Arizona and Florida.

With more than 30 years of combined public and private experience, Luna's tenure at Helios has been transformative. The foundation's strategic investments—totaling nearly \$350 million—have

fueled critical initiatives aimed at elevating third-grade reading proficiency, fostering college readiness, and championing postsecondary achievement.

Luna's personal narrative mirrors the very essence of education's transformative power. He was raised in the Arizona mining town of Miami, where his father worked in the copper mines. Luna's parents saw education as a pathway to advancement and instilled in their son the importance of going to college. With his parents' encouragement, Luna became a first-generation college student and earned a civil engineering degree from Stanford University.

Beyond his role at Helios, Luna actively shapes the community fabric as a key member of several influential boards, including:

- Greater Phoenix Leadership
- Greater Phoenix Economic Council
- Florida College Access Network
- Center for the Future of Arizona
- America's Promise Alliance
- Partnership for Economic Innovation
- Florida Consortium of Metropolitan Research Universities President's Council

Luna's unwavering commitment to education reverberates far beyond organizational boundaries, leaving a lasting legacy of empowerment and progress.

Marshals

Commencement Marshals are volunteers from the university community who lead the processional and recession of the stage party, which includes academic leadership, faculty, and students. Marshals also direct the flow of students across the stage as graduates are congratulated by their Dean and the President. Marshals wear a white “Marshal” stole with their academic regalia during the ceremonies.

The Academic Regalia

In the twelfth century, as scholars began to organize themselves into guilds called “universities,” a distinctive costume called the “scholar’s gown” also began to emerge.

The gown was originally black (to better hide ink stains) and voluminous for warmth. It also had a hood that could be pulled over the head for protection from rain and served in fair weather as a carrying pouch for such scholarly essentials as chalk, spare pens, or a boar’s tooth for smoothing the surface of parchment.

The square mortarboard worn today is a stylized representation of a stocking cap especially designed to hold a small book secure atop a scholar’s head.

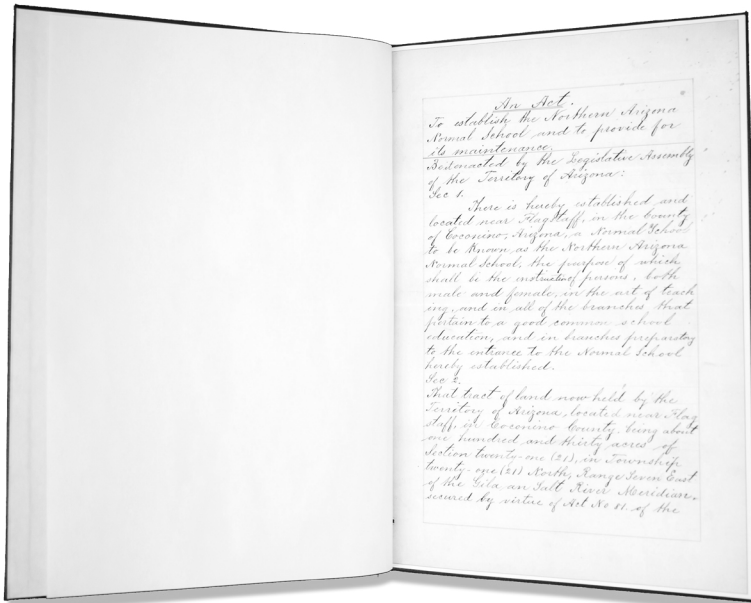

Scholarly rank and discipline are indicated by the cut of the gown and colors of the hood and tassel.

- A bachelor’s gown is blue and untrimmed, has pointed sleeves, and reaches only to the knees.
- The color of the tassels and the color of the silk/velvet band on the border of the hood indicate the discipline: white for arts, humanities, and letters; drab for accountancy, business, and commerce; lilac for dental hygiene; copper for economics; light blue for education; orange for engineering; brown for the fine arts, including architecture; russet for forestry; crimson for journalism; green for medicine; pink for music; apricot for nursing; silver gray for oratory (speech); dark blue for philosophy; sage green for athletic training, occupational therapy, and physical education; teal for physical therapy; kelly green for physician assistant; peacock blue for emergency management, community development/sustainability, and public administration, including foreign services; salmon pink for public health; golden yellow for science; and citron for social work.
- Students graduating from the Honors College wear a golden stole emblazoned with the word “Honors.”
- Bachelor’s candidates with a cumulative GPA in the top 5 percent of their college will be awarded Summa Cum Laude (With Highest Praise) and wear a gold honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 10 percent of their college will be awarded Magna Cum Laude (With Great Praise) and wear a navy blue honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 20 percent of their college will be awarded Cum Laude (With Praise) and wear a light blue honor cord.
- The master gown is blue and untrimmed but has closed sleeves in the shape of an arc.
- Master candidates who earn a 3.90 to 4.00 GPA graduate “with distinction” and wear a royal blue and gold cord.
- Doctoral candidates wear a blue gown faced with blue velvet panels and three velvet bars on bell-shaped sleeves.
- Bachelor’s, master, and doctoral degree candidates graduating in the top 10 percent of their class are offered membership into the multidisciplinary honor society Phi Kappa Phi.

The Charter

The origins of Northern Arizona University can be traced back to the 41st House Bill of the 20th Territorial Legislative Assembly of Arizona.

A bill dealing with a large, unfinished, territorial building south of Flagstaff was passed and signed into law on March 11, 1899, by Territorial Governor Nathan Oakes Murphy. The seven-page, handwritten bill laid the legal foundation for the creation of Northern Arizona Normal School, provided for the completion of the building that would become known as NAU's "Old Main," and provided the means for the future upkeep of the institution. Northern Arizona Normal School opened its doors on September 11, 1899, with an initial enrollment of 23 students and Almon Nicholas Taylor acting as president and one of only two faculty members. The document is included with other traditional elements at commencement as a physical reminder of the importance of education to early Arizona, and it illustrates the evolution of both NAU and the state of Arizona to the present day.

Ceremonial Academic Mace

The mace was originally a weapon, made of iron and designed to smash an opponent's armor. It was carried in battle by princes and medieval bishops, who were forbidden by canon law to shed blood. Throughout the Middle Ages, the mace became a more elaborate weapon, and by the fourteenth century, it was carried by the king's bodyguard, the sergeant-at-mace, to protect the king's person. It thus became a protective symbol of lawful authority, and from it, the ceremonial mace emerged. Much like a scepter carried by royalty, the mace was a symbol of the power and authority of the city mayors and university rectors.

Like the rector of a medieval university, the modern university president is charged with the protection of the special mission that society has vested in higher education. The mission is the acquisition, preservation, and transmission of knowledge in the service of society. Thus, the academic mace symbolizes the academic sovereignty of the university and serves notice that the president will act to preserve and protect the mission of the university. To mark the beginning and end of the ceremony, the president of the NAU Faculty Senate brings forward and retrieves the academic mace.

The ceremonial mace of Northern Arizona University was created in 1979 by Dr. William F. Nietmann of the university faculty. It is 44 inches long and has been designed to represent a number of organizations significant and distinctive to the state of Arizona. It is made primarily of Arizona walnut and incorporates a variety of materials characteristic of the state. The head is decorated with five minerals or stones, each inlaid with silver and set in a different wood, and is capped with malachite, a source mineral of copper, selected to represent the industry. Obsidian from the San Francisco Peaks represents the volcanic mountains, plateaus, and national forests so abundant in the area. Precambrian schist from the bottom of the Grand Canyon, about 1.75 billion years old, is set in juniper and represents Arizona's national parks. A fragment of metallic meteorite, set in aspen, was chosen to represent the American exploration of space by the astronomical observatories in Arizona and the US Geological Survey. The last mineral is turquoise, set in ponderosa pine, chosen to represent the Native American Tribes of Arizona.

Alma Mater

The Northern Arizona University Alma Mater was created by a young first-year student named Ella Lee Marr LaPointe, who never suspected her work would go down in history. In 1931, Arizona State Teachers College sponsored an Alma Mater contest, and LaPointe, who did not know how to read or write music, simply put on a one-shot performance of her suggestion for the faculty judges. When the decision day came, a vocal quartet performed the chosen piece on stage. When they began to sing, LaPointe was astounded to hear her own music, and even more shocked to receive the contest prize—a \$10 gold piece in a plush case.

Hail Alma Mater,
Hail NAU
Thy name forever
A guiding light so true.

Strong as the pine trees,
Our love will never fail,
To thee, Alma Mater,
Hail! Hail! Hail!
