DECEMBER 13, 2024

Message from the President

Welcome graduates, family, and friends,

To the class of 2024, on behalf of our entire university community, congratulations on earning your degree from Northern Arizona University!

To the family and friends who have joined in celebrating our graduates' achievements, your support has been foundational to their success and means so much to our Lumberjack family.

To the faculty and staff who serve our students throughout Arizona, thank you for helping all of today's graduates realize their goals.

We have all been looking forward to this day—a day to celebrate together with family, friends, and mentors in Flagstaff at the Skydome. This moment is the perfect time to recognize the accomplishments of our extraordinary students, to celebrate the richness and vitality of our university community, and to reflect on all that our Lumberjacks do to enrich and give back to the communities they represent.

The degrees we confer today are the result of years of determination, hard work, and perseverance. In your time at NAU, your talent has been met with opportunity to realize its full potential, you have pursued meaningful educational experiences that will lead to careers of consequence, and you have cultivated a spirit of inquiry and engagement that will fuel lives of purpose. We are confident you are ready to lean into and lead in a world that is searching for answers, knowledge, compassion, understanding, and justice.

You now join a diverse and successful worldwide alumni network. We are so proud of your success and are confident in the contributions you will make as NAU alumni, ambassadors, and lifelong members of our Lumberjack family.

Warm regards,

Commencement Speaker

Traci Gleason

*Director, Student Life Experience
Office of First-Generation Programs
Northern Arizona University*

Traci Gleason brings 25 years of student affairs experience to her role as director of the Office of First-Generation Programs, where she oversees the First Scholars program, STAR Program, TRIO Student Support Services, Blavin Bettin Scholars, and other first-generation student initiatives. Gleason is a collaborative leader who is dedicated to student success and creating a sense of belonging and community for students through welcoming and inclusive programming, events, and services. She has spent her career

at NAU working to improve and enhance access, support, and opportunities for students to achieve their educational goals.

Raised on the Navajo Reservation in St. Michaels, Arizona, Gleason left her small town to attend Stanford University as a first-generation Indigenous college student. While at Stanford, she became involved in the Indigenous student community as well as becoming an orientation leader and programming assistant with the American Indian Program Office. She earned a Bachelor of Arts in Anthropology before moving back to Arizona to work in the field of archaeology and research. During this time, she supervised and mentored anthropology student interns and was reminded of how much she loved working with college students and helping them achieve their goals. She quickly found her first job working in student affairs with the Office of Native American Student Services at NAU, and the rest is history.

Since then, Gleason has served in various offices dedicated to improving access and opportunities for underrepresented populations in higher education, including New Student Orientation, the Multicultural Student Center, TRIO Upward Bound Math and Science, and the Office of Inclusion: Multicultural and LGBTQIA+ Student Services. She is thankful to have been a part of many amazing teams who have truly made a difference for our students at NAU.

Gleason is an NAU alumna, having earned a Master of Administration in Organizational Leadership in 2009. She is also a proud mother to four daughters, Taylor (ASU '14 and '16), Taryn (Stanford '17 and NAU '20), Brienne (NAU '26), and Maya (NAU '27).

Gleason was honored and humbled when student leaders selected her as this year's Homecoming Dedicattee.

The Academic Regalia

In the twelfth century, as scholars began to organize themselves into guilds called “universities,” a distinctive costume called the “scholar’s gown” also began to emerge.

The gown was originally black (to better hide ink stains) and voluminous for warmth. It also had a hood that could be pulled over the head for protection from rain and served in fair weather as a carrying pouch for such scholarly essentials as chalk, spare pens, or a boar’s tooth for smoothing the surface of parchment.

The square mortarboard worn today is a stylized representation of a stocking cap especially designed to hold a small book secure atop a scholar’s head.

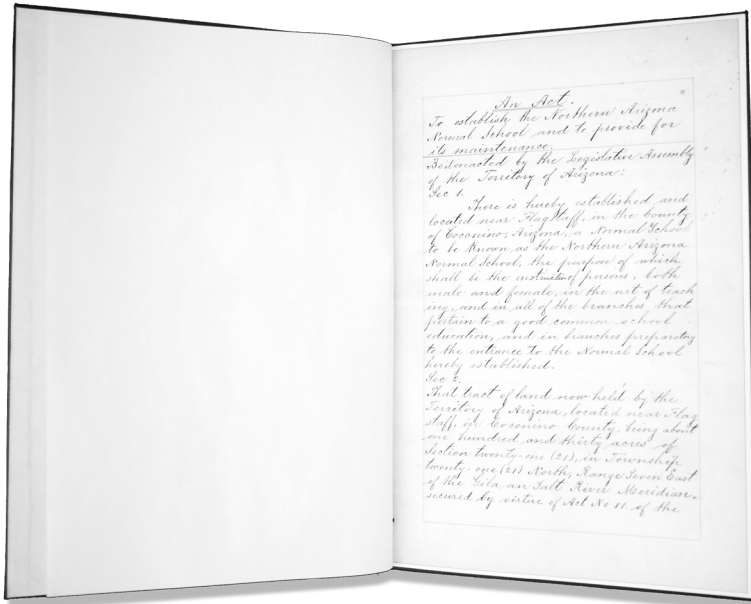

The cut of the gown and colors of the hood and tassel indicate scholarly rank and discipline.

- A bachelor’s gown is blue and untrimmed, has pointed sleeves, and reaches only to the knees.
- The color of the tassels and the color of the silk/velvet band on the border of the hood indicate the discipline: white for arts, humanities, and letters; drab for accountancy, business, and commerce; lilac for dental hygiene; copper for economics; light blue for education; orange for engineering; brown for the fine arts, including architecture; russet for forestry; crimson for journalism; green for medicine; pink for music; apricot for nursing; silver gray for oratory (speech); dark blue for philosophy; sage green for athletic training, occupational therapy, and physical education; teal for physical therapy; kelly green for physician assistant; peacock blue for emergency management, community development/sustainability, and public administration, including foreign services; salmon pink for public health; golden yellow for science; and citron for social work.
- Students graduating from the Honors College wear a golden stole emblazoned with the word “Honors.”
- Bachelor’s candidates with a cumulative GPA in the top 5 percent of their college will be awarded Summa Cum Laude (With Highest Praise) and wear a gold honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 10 percent of their college will be awarded Magna Cum Laude (With Great Praise) and wear a navy blue honor cord.
- Bachelor’s candidates with a cumulative GPA in the top 20 percent of their college will be awarded Cum Laude (With Praise) and wear a light blue honor cord.
- The master gown is blue and untrimmed with closed sleeves in the shape of an arc.
- Master candidates who earn a 3.90 to 4.00 GPA graduate “With Distinction” and wear a royal blue and gold cord.
- Doctoral candidates wear a blue gown faced with blue velvet panels and three velvet bars on bell-shaped sleeves.
- Bachelor’s, master, and doctoral degree candidates graduating in the top 10 percent of their class are offered membership into the multidisciplinary honor society Phi Kappa Phi.

The Charter

The origins of Northern Arizona University can be traced back to the 41st House Bill of the 20th Territorial Legislative Assembly of Arizona.

A bill dealing with a large, unfinished, territorial building south of Flagstaff was passed and signed into law on March 11, 1899 by Territorial Governor Nathan Oakes Murphy. The seven-page, handwritten bill laid the legal foundation for the creation of Northern Arizona Normal School, provided for the completion of the building that would become known as NAU's "Old Main," and provided the means for the future upkeep of the institution. Northern Arizona Normal School opened its doors on September 11, 1899, with an initial enrollment of 23 students and Almon Nicholas Taylor acting as president and one of only two faculty members. The document is included with other traditional elements at commencement as a physical reminder of the importance of education to early Arizona, and it illustrates the evolution of both NAU and the state of Arizona to the present day.

Ceremonial Academic Mace

The mace was originally a weapon, made of iron and designed to smash an opponent's armor. It was carried in battle by princes and medieval bishops, who were forbidden by canon law to shed blood. Throughout the Middle Ages, the mace became a more elaborate weapon, and by the fourteenth century, it was carried by the king's bodyguard, the sergeant-at-mace, to protect the king's person. It thus became a protective symbol of lawful authority, and from it, the ceremonial mace emerged. Much like a scepter carried by royalty, the mace was a symbol of the power and authority of the city mayors and university rectors.

Like the rector of a medieval university, the modern university president is charged with the protection of the special mission that society has vested in higher education. The mission is the acquisition, preservation, and transmission of knowledge in the service of society. Thus, the academic mace symbolizes the academic sovereignty of the university and serves notice that the president will act to preserve and protect the mission of the university. To mark the beginning and end of the ceremony, the president of the NAU Faculty Senate brings forward and retrieves the academic mace.

The ceremonial mace of Northern Arizona University was created in 1979 by Dr. William F. Nietmann of the university faculty. It is 44 inches long and has been designed to represent a number of organizations significant and distinctive to the state of Arizona. It is made primarily of Arizona walnut and incorporates a variety of materials characteristic of the state. The head is decorated with five minerals or stones, each inlaid with silver and set in a different wood, and is capped with malachite, a source mineral of copper, selected to represent the industry. Obsidian from the San Francisco Peaks represents the volcanic mountains, plateaus, and national forests so abundant in the area. Precambrian schist from the bottom of the Grand Canyon, about 1.75 billion years old, is set in juniper and represents Arizona's national parks. A fragment of metallic meteorite, set in aspen, was chosen to represent the American exploration of space by the astronomical observatories in Arizona and the US Geological Survey. The last mineral is turquoise, set in ponderosa pine, chosen to represent the Native American Tribes of Arizona.

Alma Mater

The Northern Arizona University Alma Mater was created by a young first-year student named Ella Lee Marr LaPointe, who never suspected her work would go down in history. In 1931, Arizona State Teachers College sponsored an Alma Mater contest, and LaPointe, who did not know how to read or write music, simply put on a one-shot performance of her suggestion for the faculty judges. When the decision day came, a vocal quartet performed the chosen piece on stage. When they began to sing, LaPointe was astounded to hear her own music, and even more shocked to receive the contest prize—a \$10 gold piece in a plush case.

**Hail Alma Mater,
Hail NAU
Thy name forever
A guiding light so true.**

**Strong as the pine trees,
Our love will never fail,
To thee, Alma Mater,
Hail! Hail! Hail!**
