NAU’s Residency for Tuition Purposes policy is available at nau.edu/university-policy-library/residency/

In Arizona, as in all other states, tuition at the State's publicly-supported universities is lower for in-state resident students than for out-of-state non-resident students. This reflects the fact that state universities are supported financially by the state’s taxpayers. The universities’ rules for determining classification or reclassification as a resident or non-resident for tuition purposes reflect Arizona law and Arizona Board of Regents ("ABOR") policy. At the time of their admission, Northern Arizona University classifies all students as either a resident or non-resident. Students must be admitted and properly registered for classes using the tuition classification initially determined by the University prior to petitioning for residency reclassification for that term.

Additional residency information and forms are available at nau.edu/azresidency.

✔ This form is for individuals domiciled in Arizona who are employed by an Arizona public school district and:
  - are under contract to teach on a full-time basis
  - OR are employed as a full-time non-certified classroom aide at a public school within that district

Charter schools are considered public schools for the purposes of this waiver.

Teachers and classroom aides from private schools where those private schools require that teachers hold Arizona teacher certification are also eligible for this waiver.

The individual is eligible to pay in-state tuition only for courses necessary to complete the requirements for certification by the State Board of Education to teach in a public school district in Arizona. No member of the individual’s family is eligible for classification as an in-state student pursuant to this section, although they may qualify under other exceptions.

The Public School Teacher or Teacher Aid alternative means of establishing residency must be renewed each term.

Domicile: an individual’s true, fixed and permanent home and place of habitation. It is the place where the individual lives, intends to remain, and to which the individual intends to return when leaving without intending to establish a new Domicile elsewhere.

In accordance with Arizona law (A.R.S. §15-1803) and ABOR Policy 4-102, a person who is not a citizen or legal resident of the United States or who is without lawful immigration status is not entitled to classification as an in-state resident for tuition purposes.

**Deadlines** – Term specific deadlines can be found at nau.edu/azresidency.

- The deadline to request reclassification is the Last Day of Registration. Students who fail to submit a petition or affidavit within the allowable timeframe waive their right to gain reclassification as an in-state resident for that semester, term, or session.
- Processing time for petitions is twenty (20) business days. If additional information is needed the process may be delayed.
- No extensions of payment deadlines are granted on the basis of unresolved residency status or pending petitions. A refund of fees will be issued, if necessary, upon approval of resident status.

Last Day of Registration: the final day of regular registration for credit for a semester, term, or session (as applicable) as published by the Office of the Registrar or as determined by the Executive Director of the Student Service Center.

**Appealing a Denial**

In accordance with ABOR Policy 4-205 and as outlined in the Residency Reclassification Procedure, if an individual believes they have met the requirements to be classified as an in-state resident for tuition purposes and has been denied such classification, they may appeal their non-resident classification by submitting a Non-Resident Classification Notice of Appeal to the Student Service Center by the relevant deadlines published on its website. In no event will the University accept residency classification appeals later than thirty-five (35) calendar days from the applicable Last Day of Registration. Failure to file a completed and signed notice of appeal within the allowable timeframe shall constitute a waiver of the individual’s right to appeal their residency classification for that term.
