Northern Arizona University: Recruitment is open for graduate student positions in the area of Computer Science and Software Engineering in the School of Informatics, Computing and Cyber Systems (SICCS) at Northern Arizona University (NAU). Qualified students are eligible for research and teaching assistantships with highly-competitive stipends. CCS’s mission is to conduct high-impact, innovative research to create the software that runs society: from social media and the web to intelligent drones and smart medical devices.

Candidates should explore the SICCS website (www.nau.edu/siccs) and contact the professor whose interests align most closely with information on their background, research interests, qualifications, and a current resume.

Formal applications to our programs are due can be submitted online at http://bit.ly/siccsapply. Applications for our PhD program are due on January 1 for fall admission and for our MS programs on March 14 and September 15 for fall and spring admission, respectively. Applications received early may be considered for a prestigious NAU Presidential Fellowship, which provides an increased stipend and additional funding to support professional development.
