

Each spring, NAU surveys returning students with four (4) questions (taking less than two (2) minutes) to assess their academics and involvement. Based on your responses, staff partner with various offices to connect you with applicable resources to aid in or reinforce successes.

Community members who complete the survey will be entered into a drawing for incentives!

QUESTIONS

Survey Questions & Possible Responses	Did You Know?
<p>1. How do you feel about your academic performance last fall?</p> <p>A. Great - it couldn't get any better.</p> <p>B. RESULTS

This survey is crucial for supporting your success. With responses coming early in the spring:

- University staff can quickly address critical concerns about academics and social connections, improving retention and student success.
- Community Assistants (CAs) can provide personalized follow-up and will check if your feelings or circumstances have changed since the survey.
- Campus Living staff and partner offices can adjust events and activities based on survey trends to better meet your needs.
