

## B.S.Ed. CTE – 90/30

Emphasis areas: Business and Marketing, Education and Training, Family and Consumer Science, Health Careers, Industrial and Emerging Technologies, or Occupational Emphasis

[www.nau.edu/cte](http://www.nau.edu/cte)

This degree can help you advance in the technical areas of your current career and become equipped to train others in those technologies. Advance your career or find personal enrichment with this degree. This program is ideal if you want to train others in the technologies of your field, need specific occupational training, and/or have occupational work experience or prior college credit. This program is an online degree and does not involve student teaching or lead to an institutional recommendation for secondary education certification.

### A distinctive and practical degree

- Complete all degree requirements online
- Students may transfer up to a maximum of 90 hours of community college and/or university credit from regionally accredited institutions of higher education
- Credit by exam - students may earn 35 units towards the major requirements for successful passage of a NOCTI test administered by NAU
- Student may earn 20 hours towards major and internship requirements for prior Occupational Experience
- Coursework, the NOCTI exam, or Occupational Experience in any combination can be used to meet the emphasis requirements

Accelerated MED option available. Earn your BSED CTE and MED CTE in as little as 2 years! Work on completion of your bachelor's and master's degree simultaneously.

### Is this degree for you?

- Do you want a fast track to degree completion by taking the NOCTI exam and/or receiving credit for occupational work experience?
- Do you need a bachelors degree so you can pursue career advancement or graduate studies?
- Are you or do you want to teach your occupational area to others in high schools, HRD, trade schools, or community colleges?
- Are you now, or do you desire to become a community college employee/instructor, a corporate trainer, or seek other corporate educational positions?
- Are you a CTE certified teacher who needs a bachelors degree to meet highly qualified requirements?
- Do you want your bachelors degree to come from a highly regarded institution known for outstanding education programs throughout the State of Arizona?
