Facts and figures about the new inpatient hospital:

- Seventy-nine beds with the ability to expand in the future as the needs for services increase.
- 24-hour emergency care: For patients of all ages and staffed by residency-trained, board-certified emergency physicians using state-of-the-art technology and treatments.
- Comprehensive obstetrical and gynecological care including the following: prenatal and postpartum care, labor and delivery services, and care for low-risk babies with plans to expand services for premature infants.
- Surgical services: State-of-the-art technology, compassion and clinical expertise in joint replacement and minimally invasive orthopedic, spine, gynecologic, and general surgery procedures, treatments, and therapies.
