About the Concurrent Enrollment Program

Northern Arizona University is proud to have created the first Concurrent Enrollment Program (CEP) in the state and one of the first ever in the nation, in 2011. With more than 1,000 BSN CEP graduates, NAU is a proven leader in BSN completion course delivery. NAU started CEP and we have determined what it takes to help students be confident and successful.

Program Information and Requirements

NAU CEP offers a 90/30 credit split, this means that you can transfer in 90 credits and you will need to complete just 30 credits at NAU to meet the BSN requirements. NAU is the only CEP partner that will accept 90 community college transfer credits. All NAU classes are completed online with the exception of 1 course that will have an optional in-person meeting in the Flagstaff area during the first semester of the program.
