BRING YOUR ASPIRATIONS

ARIZONA RESIDENT
With the right people in your corner, the right opportunities within reach, and the right environment to bring it all together, ANYTHING IS POSSIBLE.

Whatever you aspire to do, this is where you can make it happen.

NAU is committed to the health and safety of students, faculty, and staff and follows CDC’s recommended guidelines on COVID-19. Not every photo in this publication will precisely represent these guidelines, as we aim to accurately present the NAU experience for you and balance that need with imagery that reflects the COVID-19 policies we have in place. Visit nau.edu/jacksareback for our current campus health safety guidelines.
A NEW VIEW
Flagstaff is located 7,000 feet above sea level. That means you’ll get to experience all four seasons, including Arizona snow.

UNDERGRADUATE RESEARCH
Dig deeper and go further in your chosen field. No matter what your major, you can pursue any aspiration, guided by a faculty mentor. nau.edu/next

ACCELERATED PROGRAMS
Get ahead of the game. If you qualify, you can start working on your master’s degree while simultaneously completing your bachelor’s degree. nau.edu/accelerated

#1 IN DIVERSITY AMONG NATION’S TOP COLLEGE TOWNS
— American Institute for Economic Research
This is your chance to go big and begin building the life you want to live. But you won’t have to do it alone. In every academic program, you’ll find equal amounts of challenge and guidance. You’ll be connected to research experiences and internships you can’t find anywhere else. And through it all, you’ll learn that you can go bigger than you realized.

NAU professor Abe Springer (center), a hydrogeologist, often conducts research with his undergraduate and graduate students in the Grand Canyon, where they take measurements of springs, sinkholes, and cave systems to determine water levels in the national park.
EDUCATION ABROAD

Study abroad and gain a richer understanding of your major. If you’re a business or STEM major, check out our award-winning Interdisciplinary Global Programs (IGP), which offer students an opportunity to “go epic” with their undergraduate career by adding a second major in language and cultural studies and spending an immersion year abroad, including a professional internship.

70+ COUNTRIES you can choose to study abroad in (and still keep your tuition rate and scholarships!)
